Fig. 9

The image shows a screenshot of a software window titled "Threshold". The window has a standard Mac OS-style title bar with a close button in the top right corner. The main content area is divided into several sections. At the top, there is a "Threshold" section with a "Threshold" slider and a "Threshold" button. Below this, there is another "Threshold" section with a "Threshold" slider and a "Threshold" button. The central part of the window is a large "Threshold" section with a "Threshold" slider and a "Threshold" button. At the bottom, there are labels for "None", "Low", "Med", "High", "Full", "Soft", and "Hard". The image is heavily degraded with noise and artifacts, making it difficult to discern specific details.
